2 large microfiber cloths supplied with our 250ml kit, also available in 1 litre version, see them online [here](#)

DIRECTIONS:

Shake Well

Spray directly onto the disc avoiding center label. (1-3 sprays is normally ample for 12")

Using a microfiber cloth clean in a circular motion (anti clockwise)

To ensure the dirt loosened is completely removed continue buffing for a further 30 seconds even after disc appears dry.

Repeat If Neccessary. Replace Cloth Regularly Once Soiled

Ingredients: Pure H2O , Citrus & Other Botanical Extracts. Wetting Agent.

Does not contain alcohol, ammonia or toxic chemicals.

Caution: Use with Care. Do not spray in eyes. Dont Drink!

For Vinyl Only - Not Intended For Shellac / 78's/acetates
